

EDITION POLICE SCOUR BOSTON FOR PETROSINO SLAYER

Suspected of knowing something about the plot that resulted in the assassination of Detective Joe. Petrosino in Palermo, two Italians who reached this city yesterday on the Canopic are today detained by the immigration officials.

Two others who were taken into custody were allowed to go, being told to show that they were entitled to land. An effort will be made to get information from Italy about the two men in custody. They have confessed, it is said, that they served jail sentences in Italy in connection with crimes of violence, but they declare that they were able to show that they were in the right and were freed when their cases reached the higher courts.

The immigration officers are on the alert to get information that will lead to the capture of the assassin of the famous New York detective, and the whole police force of station 1, under Captain Kimball, is at work on the case, with Joseph L. A. Cavanaugh directing them.

Cavanaugh is the expert Italian detective of Boston, occupying practically the same position here that Petrosino held in New York. He is running down every name that reaches his ears in connection with the killing of his brother officer from New York.

Work Done to Clear Mystery.

"We are doing everything in our power to help clear the mystery that surrounds the killing of Petrosino," said Captain Kimball today. "All of the men in the precinct have been instructed to be on the lookout for clues. When a clue is found it is turned over to Cavanaugh and he runs it down."

The two suspects detained by the immigration officials are in the men on Long Wharf, Colonel George B. Billings said today that he would not make their names known until he was satisfied that they had been justly taken into custody.

A prominent official of the bureau said

MRS. BURDEN'S
HIGH KICKING
DELIGHTS 40

BY HOLLY KNICKERBOCKER.

NEW YORK, March 25.—Everybody

will go to the Plaza tonight and see

Mrs. William K. Vanderbilt, Jr., and

Mrs. Arthur Gould Vernon, who was

with her, and Mrs. Arthur Gould Vernon

will dance and Mrs. Vernon will wear her

beautiful hair. The Vanderbilt family

will be worth more than the price of

admission, for it is the first time that

we have the privilege of seeing a

Vanderbilt by herself and to name that

part in the history of the Vanderbilt

family does not frequently show her

musical skill in public. It is said that

about the dance in which Mrs. Burden

and Lady Lush take part, but it might not

be so appropriate to the "European

drama," for the state of the world makes

appearance out of a huge champagne

glass. I saw a rehearsal of her dance

last night. I should say so, but

with perfectly artistic feeling, that every

time her slithered foot went skyward

with the grace of a discipline of ballet.

Mrs. Burden at times raised one knee

over the other in her gyrations, making

herself look like a human edition of the

figure eight, and then she twisted and

spun like a top, her skirts doing the same

thing, standing out like standing out like

the sun. Although of the "European

style," she was not a "European" in the

commonest sense. She was a "European"

in the sense that she was a "European"

Stamford, Mass., March 25.—Sea very
rough. Kermit sick. Roosevelt feels
fine. Watched sun set. Said to Hearst

Later captain told him that he was
right. He replied:
"Ja, ich bin ein guter laubfrosch."

The translation of the first remark was
followed:

"Yes, I am afraid that we will have
storm tonight, and of the second, 'Yes,
I am a good green frog (weather prophet).'"

DAVID, N. H., March 29.—Each of the four stories which have appeared in the Boston Herald has been proved untrue. In this place to write letters threatening death to two of the leading business men of this city. The boys are arrested to come to trial.

F. R. Williams, a wealthy belt manufacturer, and H. P. Hopkins, promoter of the leading dry goods store of this city, received letters demanding \$500 and threats to kill them with lead if the money was not paid.

Each letter was in the same handwriting, dated March 20 and signed "The Black Hand."

The matter was turned over to City Marshal J. J. Brennan, who called on John Brennan, aged fifteen, 1113 G or Payne street, and Michael Reuanti, aged twenty, 1001 Commercial street, writing the letters, with his comrade's name, who he was entirely innocent of the affair. Brennan in a story later to the police stated that he had been kept in the house the scoundrel said that he was innocent.

NOW FOR FREE TRIP AROUND THE WORLD!

Don't Delay, Boys of Greater Boston; Send in Your Names To-Day.

The American Pays All Expenses; Girls, Read the Details.

Continued from First Page.

Age or over are eligible to this contest.

Takes 15 to Nominate.

If you are within a few days of completing your fifteenth year and will have reached that age by the time that the nominations are closed, you will be eligible.

A great many letters were received yesterday and today asking what must be done when the fifteen nomination contest is. There is nothing to do NOW. Within a short time the next condition of the contest, a very easy one, will be told to you.

The AMERICAN requests the boys and girls to send in their fifteen nomination blanks at one time if possible. This will not only save them postage but it will make it much easier to keep the records in the AMERICAN office. This is a gigantic task with thousands of nomination blanks pouring in. It requires the services of many clerks. When you cut your blank from the paper try and follow the lines so that the package will be of uniform size. Do not TEAR the blank. CUT it out.

That the boys and girls of Metropolitan Boston are much excited by the opportunity for which they only are eligible, is made plain by the very large number of inquiries from towns and cities within this area. These have come from all over New England.

Indorsed by Educator.

A great many inquiries have been made by boys and girls who have left school and are at work. A great many of them have asked if they are eligible. Some say they intend to go to night school, others that they intend to continue in the Y. M. C. A. classes.

This is not a contest for boys and girls who intend to do things. This is a contest for boys and girls who are actually doing things. When you have become a regularly registered student at the night school or other private educational institution, you will be eligible.

William D. Parkinson, Superintendent of the schools of Waltham, endorses the contest. He said:

"These trips, if taken with suitable guides and chaperons, will be of great educational importance to the schoolboy or the schoolgirl. Travel plays an important part in education."

Charles V. Gillette of the Beverly Road committee said:

"The contest gives the school children a great chance and opportunity to see the world, and in many cases, an opportunity which will not again be presented to them when they are eligible. Such trips are most educational, and will also be of much benefit to the health of those who take them."

A vast number of letters continue to come in from boys and girls. Here are some of them:

Around-the-World Editor: I saw the ad in your paper and thought I would like to win one of the prizes if I can. I am fourteen years old and have never been outside of Boston.

RULES FOR AROUND THE WORLD RACE AND TRIPS TO EUROPE

HERE are the rules that must be observed by every one who wants to become a contestant in the BOSTON AMERICAN's great Race Around-the-World and Trips-to-Europe contest.

You must fill out one Application Blank yourself.

You must clip and fill out fifteen Nomination Blanks, one of which is printed daily in the Home and later editions of the AMERICAN, and have them signed by different people you know—men or women. Each blank must be signed by a different person.

When you have ALL the blanks properly signed send them to the Around-the-World Editor, BOSTON AMERICAN, Boston, Mass.

Nominations may close at any time. You will see the need, therefore, of rushing in your Nomination Blank.

A Nomination Blank is printed every day in the Home and later editions. Five will be printed in next Sunday's AMERICAN.

You MUST be regularly nominated to become a contestant. You MUST be fourteen years of age.

You MUST be a regular pupil in good standing in a public, private or parochial school in Metropolitan Boston.

The towns and cities in Metropolitan Boston are printed from day to day.

Around-the-World Editor:

I am glad to send in this application for a chance to take a trip around the world. If I cannot be one of the four in the trip I would like to be one of the winners of the twenty-five prizes.

kindly let me know when this contest ends.

Instructions as to the nomination are published today.

Around-the-World Editor:

ARTHUR J. McLEOD.

You write like a real contestant. Come in and fight. Boys like you have a grand chance.

Around-the-World Editor:

I have read your offer in the BOSTON AMERICAN and approve of it very much. I am a student in the public schools of Boston, a great advantage to become a contestant, and if I shall be the lucky one to have a trip, I promise to send you my best composition of what I shall see in the strange places. I hope you will send a letter with all particulars very soon.

This June I shall graduate and I hope the trip will do me good.

At the same time eight other teams of two each will be whirling around the world from New York, Chicago, San Francisco and Los Angeles. They will carry the standards of the Hearst papers in those cities. BOYS OF BOSTON, does this appeal to you?

The boys who make the race will be escorted by experienced travellers, who will have the route planned weeks ahead, anticipating every contingency. And remember this will be without one cent of expense to the boys who have secured the privilege. THE BOSTON AMERICAN PAYS FOR EVERYTHING.

Twenty-five other prizes—In addition to the splendid trip around the world, twenty-five boys will be sent on a SPECIAL PULLMAN train to New York, Washington and Niagara Falls. These fortunate lads, too, will have the best attention that money can command, and escorts who will watch over them constantly.

LEAVING BOSTON on the finest of ocean express steamers, this merry quartet of lucky Boston girls who have earned these truly royal privileges will be taken to the best hotels on the other side. In Europe the party will always travel first-class, not crowded in a tourist party in a second-class coach, a trip which hundreds of Americans are glad to make yearly as all they can afford.

Twenty-five other prizes—Besides the trips to the Continental Capitals, twenty-five other schoolgirls will be selected to make a trip longed for by all patriotic young Americans, New York, Washington and Niagara Falls. Mary Garden In Huff Days \$20,000 Loan

The latest trouble of Miss Mary Garden, the famous opera singer, is that she is in huff days. She has just received a \$20,000 loan from the Boston American.

A woman at the Paris Opera Comique does not mean the same thing as a woman in the United States. She is a woman of the night, and she is a woman of the day.

Done By a Steam Explosion

The wheat or rice kernels are simply puffed. The coats are unbroken—the shapes are unaltered.

Foods Shot from Guns

They are made by this curious process: The whole wheat or rice kernels are put into bronze metal guns. The guns are sealed, the heat turns the moisture in the grain to steam, and the pressure becomes terrific. Then the guns are fired.
